

MIRRORS WIBBOBS OR MOVERS

30th September 2025

Address: Informa, 240 Blackfriars Rd, London SE1 8BF

This year's conference will discover ways of 'bridging the disconnect,' inspired by the growing divide within societies and between people and nature, and the uprise of AI. We will delve into a variety of topics that emerge from this theme, including how media can bridge these widening gaps and pave the way for a more cohesive future.

Lunch will be served for everyone joining in person, and there will be drinks at the end of the day to which everyone is welcome. The event will be hybrid, and we encourage all our online audience members to participate throughout the day with the webinar chat function.
